

Golden Polygon

Why sponsoring Golden Polygon is beneficial to your company?

Being associated with a major real-time 3D event! The Golden Polygon Awards celebrates the best realtime 3D contents!

Golden Polygon is focused on **realtime & interactive 3D contents** (diffused on the internet).

The Golden Polygon is not only devoted to online games, there are 4 categories :

- 3D product presentations
- 3D on line entertainment
- simulation / science / education
- virtual visit.

Golden Polygon is an **opportunity for your company to inforce its position in the emerging real-time 3D media market.**

The forthcoming editions of Golden Polygon will also cover 3D contents on Mobile devices.

Real-time 3D becomes more and more important due to hardware acceleration and software orientations.

Sponsoring Golden Polygon is an opportunity to show your commitment to real-time 3D.

For the Golden Polygon audience, it will mean that you are a major actor in the interactive 3D content creation.

The major online 3D sites will cover the Golden Polygon event (call for entries, awards...).

One benefits of the Golden Polygon is that visitors can instantly view on the internet the interactive contents nominated.

Audience of the Golden Polygon : Professionals of 3D, 3D Studios, Marketing & web agencies, Industry (CAD), students.... The jury is made of professionals of 3D (3D internet sites chief redactors, R&D, specialist of 3D...).

Golden Polygon 2003 Winners : Arte, Kellogs, Seiko, Grenoble
